

About Our Company

Overview

ALMAZEN Computer is a privately-held ICT company established in 2000, delivering genuine, high-quality IT products, solutions and services across Yemen. With over 25 years of experience in excellence and trust, we have grown to include multiple showrooms and branches in major Yemeni cities, backed by strong distribution channels and global partnerships.

Delivering to over 20+ international brands in IT and Mobility spaces and serving all Yemeni emerging markets, at ALMAZEN, we are ever-ready to expand our horizons with a new zeal, identity and impetus.

We are committed to quality and providing excellent service to our customers. That's why our motto, ALMAZEN Computer: (Quality... Service... Solutions).

Our Vision

Leading the digital transformation in Yemen by providing quality products, innovative technical services, and advanced solutions that meet market needs and keep pace with global developments.

Our Mission

For more than 20 years, we have been working in the field of information technology, providing original and reliable technical solutions and products that serve Yemeni market professionally. We rely on our accumulated experience to provide an integrated experience that includes sales, technical support, maintenance, and after-sales services, with a focus on building long-term relationships with our customers, to be their reliable partner and advisor in everything related to their technical needs. We care about the individual customer as well as all companies, as our mission goes beyond profit limits to reach community service, and to contribute effectively to supporting digital transformation in Yemen. We are also constantly expanding into new areas such as security solutions, cloud systems, and artificial intelligence and aspire to local manufacturing, so that the name ALMAZEN Computer' remains synonymous with trust, quality, and innovation.

Our Values

Innovation .. Integrity .. Collaboration .. Trust .. Customer Focus .. Teamwork .. Excellence .. Respect .. Sustainability .. Diversity and inclusion
